

Call for Applications

CZECH-ISRAELI INNOVATION INTERNSHIPS 2024

The Neuron Foundation and the IOCB Tech Foundation are inviting leading Israeli Ph.D. students to apply for a one-month internship in the Czech Republic in May/June 2024.

This program is in its 3rd year and aims to provide students with an opportunity to work in top-notch facilities in the Czech Republic such as IOCB Prague, Czech Academy of Sciences, CEITEC Brno, and others.

[Apply through the online form](#) and submit your CV including references, your motivation letter, and your internship project description, **by 10th April 2024.**

Arrivals to the Czech-Israeli Innovation Internships 2024 Program are possible after 6th May and departures until 14th June 2024.

For more information about this internship and the specific universities where interns will be stationed, [click here](#).

We look forward to seeing you!
